### **INELIGIBLES DOWNFIELD: MECHANICS ADJUSTMENT**

To provide better coverage for observing ineligible linemen downfield on a forward pass, please note the following adjustment to the mechanics for the Head Linesman and Line Judge.

#### **EFFECTIVE IMMEDIATELY:**

**On passes thrown out of their area of responsibility, the Head Linesman and/or Line Judge will assist the Umpire with ineligible downfield. The Head Linesman and/or Line Judge should observe where the ineligible are at the time the passer releases the ball.**
